Doodle for Google

How to Enter

Submitting entries for your students is now easier than ever! Using the copied entry forms, you may submit multiple entries at one time on behalf of your students – either online or through the mail. Just follow these steps:

Make copies of the entry form in this kit, or download the form at doodle4google.com.

On the entry form, have students create their doodles using any material they want, write their 50-word descriptive statement, and have your student's parent or guardian sign their form.
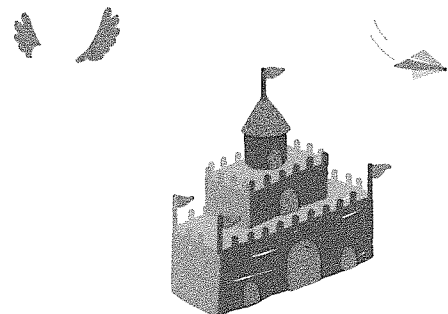

Students can draw the Doodle on another sheet of paper, take a digital photo, or scan the Doodle and tape it to the official entry form. Just be sure that the tape is clear and the Doodle is below the information on the bottom of the entry form.
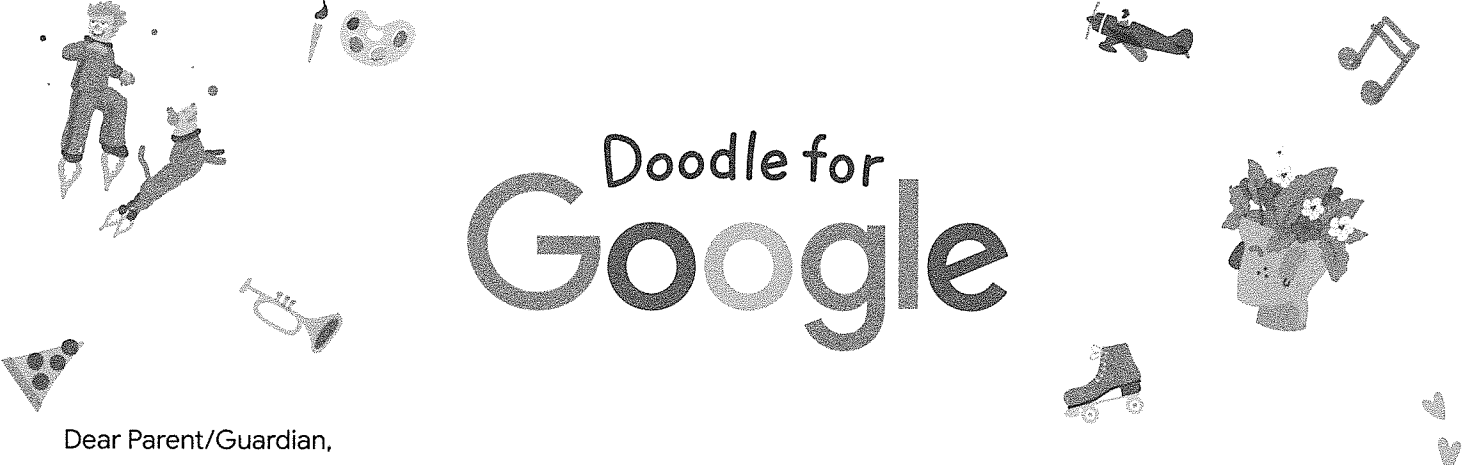

Digital Entries: We've updated our online entry portal so you can upload multiple entries at once as a .jpg or .png file. Simply go to doodle4google.com to get started.

Mail Entries: Entry forms can also be submitted by mail. Mailed submissions must be postmarked by **March 18, 2019** and received seven days from the postmark deadline at one of the below addresses:

Regular Mail: Doodle 4 Google Contest (US)

Doodle for Google

Dear Parent/Guardian,

At Google, we believe in celebrating the power of creativity to inspire the world. This power of imagination has been on display 11 years through amazing and inspiring student submissions in our Doodle for Google contest.

This year the theme is "When I grow up, I hope..." We invite you to help challenge your child(ren) to draw upon their dreams and imagine the way the world could be.

Food for everyone? Shoes that can fly? A pill that cures anything? An Earth-cooling fan? It's up to students how they interpret the theme, where they take it artistically, and what materials they use to create their unique doodle.

The contest opens January 7, 2019 and runs through March 18, 2019. 53 students will be named winners from their State/Territory. Five finalists will be flown to Google's Mountain View headquarters, and one winning student from among the five will receive:

- A $30,000 college scholarship

- A $50,000 Google for Education technology package for their school

- Their artwork will be placed on the Google homepage for a day

The remaining four finalists will win a $5,000 college scholarship.

Let's start doodling!
